Secret Police Raid Protestant Churches — Run Some Preachers Out of Town With Warnings.

BERLIN, March 12.—At least 700 pastors were arrested last Sunday as Nazi officers forcibly invaded Protestant churches throughout Germany to stamp out religious opposition.

Among those arrested was Rev. Martin Niemöller, leader of the Confessing Church, which has bitterly fought the Nazi program to turn the German Protestant churches into a Nazi church.

These churches had defied the new air force as well, he was quoted early today as saying in an interview with the London Daily Mail's correspondent at Munich. But he emphasized that "the German people want no war."

"You have seen with your own eyes the enthusiasm the German people have displayed toward the Fuehrer," he was quoted as saying.

"I am not a single man or woman of those huge crowds which they thought the sight of I look Saturday in the streets. I am a member of the military service might lead to war, they would have no use for me."

"SELF-RESPECT" — Self-respect, what I have given the German nation, they could not see living under the humiliating depression of restrictions of the treaty of Versailles. They will never cease to be grateful to me as the man who has freed them from those restrictions."

Austria Follows Conscriptor Move
VIENNA, March 12.—Indications that Austria is following Germany in the direction of compulsory military service were plentiful today.

Sunday newspapers presented the conscription in Hitler's military service as the first quality of the new German state. It was said that the new German state would place on the public payroll, where federal, provincial or municipal.

Responsibility For Those Sent But Not Evaded By This City

H. F. McKee, Special City Relief Officer, Tells Committee \$600 Three-Way Plan Offers Only Means of Effective Rehabilitation.

Deferring the participation of the Edmonton relief department in the \$600 three-way Dominion-provincial-municipal plan, special relief officer, H. F. McKee, said before the legislative-cultural committee probing relief matters, that the city had in no case endeavored to evade its responsibility in caring for those who went out on the land under the scheme.

Several witnesses were heard in the course of the morning hearing. The committee, which adjourned at 11:30 a. m. to hear representations from the Retail Merchants' association, will devote its time on Wednesday, Thursday and Friday morning to hearing representations from relief recipients. In the meantime a special sub-committee has been appointed to deal with special cases referred to it by individuals or organizations.

The \$600 Dominion-provincial-municipal plan, settlement scheme, offers the only means of effective rehabilitation of the jobless, according to H. F. McKee, special city relief officer.

ONE SOLUTION
One method of solution of the unemployed situation. Many men had made fine progress toward becoming self-supporting.

Donald MacLeod, U.F.A. Stoney Plains, informed the committee, that the committee should be investigating men in particular cases, and that people on the land settlement scheme had shown they were not suited to the life.

"Who is going to take care of these men when they get back? Mr. McKee replied that no one had been forced out, and that he was not inclined of doing anyone an injustice."

ON RELIEF IS YEARS
Mr. McKee said \$300 a week was being given in this particular case. He said that the relief had been on for 15 months, and that the man had been on the land for 15 months, and that he was not inclined of doing anyone an injustice."

SMALL CHANCES
The chances of success under the scheme are very small," he charged. "The chances are so small that he is licked before he starts. My doubts are so extensive that I am not inclined of doing anyone an injustice."

SOME DEBTERS JUSTIFIED
Mr. McKee thought that some of the debtors under the scheme were justified, while in some cases the debtors had the right to remain on the land. Some debtors had returned to this city, while others were unable to return.

NO FINANCIAL PROVISION
"No provision made for supervision," he declared. "The provision made for supervision is not sufficient."

Eldorado Radium Silver Express Monoplane Last Word in Aircraft

The giant new Bellanca monoplane, "Eldorado Radium Silver Express" piloted by Leigh Brinnett, left Edmonton airport at 9 a.m. Sunday for Carleton Place, Ont. at Fort McMurray early Monday. It is expected that the ship will come on to land at Carleton Place during the day.

Gliding to a perfect landing over the snow carpeted field at the airport, the "Eldorado Radium Silver Express" landed at 4:40 p.m. Sunday. The machine brought 12 persons in all, the majority of whom had been flown from Montreal to Carleton Place, New Jersey, at 3:30 p.m. Saturday.

Leigh Brinnett, president of Mackenzie Air Services, was at the controls of the monster of the sky, as he taxied up to the hangar. The flight from Regina, where an overnight stop was made, was a record. The machine brought 12 persons in all, the majority of whom had been flown from Montreal to Carleton Place, New Jersey, at 3:30 p.m. Saturday.

Among the passengers were Dr. G. S. Curtis, representative of the G. A. Spalding Co., sporting goods manufacturer, a business visitor in Edmonton. Mr. Curtis will leave for the east on Monday evening en route to his headquarters at Toronto.

First of this year's final examinations commenced at the University of Alberta Saturday with first and second year engineering students. The examinations will continue for several days, with the first year examinations ending on April 13.

SHIP IS LAST WORD
The "Eldorado Radium Silver Express" is the last word in heavy ship land construction. Specially designed for the Mackenzie Air Services at a reported cost of \$75,000, it is the largest of its type of passenger and a crew of two men. It is the last word in heavy ship land construction.

Chicago Clinches Second With Win Over Boston

Decide Lineup For N.H.L. Play-offs And Will Meet Montreal Maroons After Winning By 5-2 Score

BOSTON, March 18.—The National Hockey League's season for the playoffs was definitely decided Saturday night, when the Chicago Blackhawks defeated the Boston Bruins by a 5-2 victory over the first-place Boston Bruins before 10,000 here.

The victory clinched second place in the United States division for the Hawks, who pulled into a lead during the first period of the game. Chicago's lead was maintained for the rest of the game, as the Bruins were unable to score.

The Bruins' only goal was scored in the second period by Louis Trudel and Art Coulter.

Chicago's goalkeepers, Clint Smith and Neil Smith, were excellent, stopping 18 of 20 shots.

The Bruins' lineup for the playoffs will be: Clint Smith, Neil Smith, Louis Trudel, Art Coulter, and the rest of the team.

The Hawks' lineup for the playoffs will be: Clint Smith, Neil Smith, and the rest of the team.

Aggregate Increase of Half-Million Fans Is Looked For

ST. PETERSBURG, Fla., March 18.—Regardless of where they finish in this year's National League pennant race—and they can be rated definitely as a dangerous factor at all times—the Boston Braves, featuring the one and only Babe Ruth, will bring every club in circuit during the financial red ink this season.

The champion Cardinals were the only outfit to lose any profits in 1934 and that was due exclusively to participation in a seven-game world series.

The novelty this year of having Ruth in the National League for the first time, shooting at fresh targets may mean an aggregate increase of 500,000 cash customers. He is not only a lifesaver for the Braves, who were down to fighting in the sponge, but he will boom the business in his first swing around the circuit.

Imperial Juveniles Hand District Team Second Straight Defeat—This Time By 6-3.

RED DEER, March 18.—Boasting their second straight victory of their total goals-to-goal score by handing Red Deer a 6-3 losing here Saturday night, Edmonton Imperial Juveniles took the Calgary Rallies in the finals for the provincial juvenile hockey championship in the southern city tonight. The Imperials won their game 3-0 and captured the trophy by a 3-0 count.

Two minutes after they opened the second set after a scoreless first period, Red Deer went to a lead. Kennedy, clever pivot man, beat the defense and rang up a pretty goal. The locals fought hard to hold the victory to the halfway mark, but without further success. Imperial at last got a break, ripped through with a vicious attack, and converted. A well-justified shout.

AMERICANS TIE WITH MAROONS

MONTREAL, March 18.—Lust for first ranking marooned the Hawks, members of the New York Americans last night when they were defeated by the Montreal Maroons by a 3-2 score.

The Americans ended the National Hockey League season in fourth place in the league's international division.

After two periods of unspurred hockey, the game broke into a tie in the final minutes of the third period when a general brawl resulted in three major penalties. Haggy Enns first dumped Jimmy Smith, then he hit the Maroons' goalie, and finally he was breaking his right thumb. While the Maroons were having it, the Americans were having it, too. Smith left the game with his left and right hands.

MORE CHILLY WEATHER SAYS LOCAL EXPERT

March Not Going Out
Like Lamb Opines
Professor

Although March came in like a lion there is no scientific reason for believing it will exit in the same way. It is the opinion of the University of Alberta physics department, Prof. Nichols, who has been engaged on a survey of prairie weather conditions for the past month under auspices of the Carnegie Foundation.

With a change of wind currents from Pacific to northerly winds as far as Edmonton is concerned, the chilly weather may be expected and it is quite possible that March will go out in the same way as it came in. Melting of the snow in southern part of the Dominion with northern fields remaining unthawed, has resulted in convection currents being set up from a north to south direction. Sweeping down from the north the winds are likely to retain the chilly vigor of their fields of origin, the professor believes.

MUCH LIKE JANUARY
Prevailing mildness is due to increasing strength of the sun's rays rather than moderating winds. The weather is not so variable as January. Except for the influence of the high pressure areas over the middle part of the continent. With this in mind, March, following on a comparatively mild February, would tend to chillness.

The expert expresses difficulty of making absolute statements on weather variation as it is difficult to the present moment has chiefly been with little time for deduction. His work of the former type has been completed and details would tend to chillness.

Our King and Queen on their Silver Jubilee

THE recent wedding in London of the Duke of Kent (youngest son of the King and Queen) to Princess Marina of Greece was a quiet affair compared to the lavish wedding on July 6, 1885, of Prince George, heir to the throne and Princess May of Teck.

All the excitement of the wedding, including the aged Queen Victoria, was made a beautiful bride, tall, stately, assured she was an admirable and dignified consort for the heir to the throne of 22. In those six years, much happened to the world for him; chief among them was the thrusting upon him of an eventual kingship and the loss of a beloved bride.

Many of these bills were public bills, amending current legislation, while others had to do with the Canadian National Railways. The number of private bills were thrown out.

The present, or seventeenth parliament, had only three bills thrown out. An act to amend the Judges' Act providing retirement of judges was defeated by a vote of 12 to 10.

An act to amend the Criminal Code and another to amend the Immigration Act with respect to the deportation of aliens were both defeated in the Senate, and another act to amend the Naturalization Act was defeated in the House.

Capt. Maurice Burdidge, pilot instructor of the Edmonton and Northern Alberta Aero club, is practicing at Calgary and was selected for the Wheat Pool. At the time of the wheat pool, he was strongly recommended he would return to private practice here, as he has been canvassing the office situation. At that time he would make a definite statement.

His announcement of Saturday confirmed earlier rumors.

FIFTY BILLS THROWN OUT BY SENATE

Only Three Measures Present Session Have Been Turned Down

By THOS. WAYLING
Exclusive to Edmonton Bulletin

OTTAWA, March 18.—The Senate of Canada has rejected fifty bills which had passed the Commons since the session of 1921. Many of these bills were public bills, amending current legislation, while others had to do with the Canadian National Railways. The number of private bills were thrown out.

The present, or seventeenth parliament, had only three bills thrown out. An act to amend the Judges' Act providing retirement of judges was defeated by a vote of 12 to 10.

**PROVINCE AID
FOR PURCHASE
OF AUTOMOBILES**

During the last five years the provincial government has advanced to civil servants who are unable to finance their motor cars a total of \$1,000,000. This sum, \$74,448 has been repaid, according to information received at the legislature by Hon. J. Russell Lown, provincial treasurer, at the request of H. H. Daulton, Liberal Member for the riding of St. Albert.

In all 64 government employees took advantage of the arrangement under which the government would assist purchase of cars, an arrangement under which interest was charged the employee at the rate of six per cent or seven per cent, according to the amount advanced. It is \$129, which has been repaid in full.

Other large sums advanced were \$1,200 and \$1,200. Others were for lesser amounts, down as low as \$250. Of the balance outstanding, one loan is for \$1,000 and another for \$1,200.

Advances recorded, cover a period of five years, commencing in 1921 and continuing until this year. On May 26, 1928, there was first authorization for this purpose by the treasury board. At that time there were officials whose duties consisted of automobiles. When the advances were given it was ordered that they would be repaid by means of monthly salary reductions and repayment was to be completed within two years from purchase date. The government took security on the cars by means of a lien. All such arrangements were carried on through the public works department.

The treasury board, on Jan. 2, 1930, passed an order, providing for the continuation of the scheme for a period of six months, providing such action was justified by the executive council and provided that cars were not being operated on government business. This action was taken following curtailment of the scheme for travelling.

As a result of this, certain officials were not using their cars and therefore were not receiving the mileage allowance for cars used primarily for government business. This action was taken following curtailment of the scheme for travelling.
